Drop Face	600 x 300 x 30/70mm	N/A	17kg each	40

COLOUR RANGE*

Oyster

*Colours are an indication only. Always sight physical product colour samples before purchase. Due to thickness variations of natural stone we recommend laying with a 3mm gap using a tile spacer on a soft sand base. See our *How To Lay Wet Cast Concrete Pavers and Natural Stone Pavers on Sand* guide for details. When laying around a salt chlorinated pool or by the beach we recommend sealing with a natural stone penetrative sealer.
